COMPANY BACKGROUND

The ASSM team is widely regarded as the Kingdom's premier automation specialist. Formed in Jeddah in 2000, ASSM has since provided an enviable combination of quality equipment supported by exceptional technical after sales service.

Our continued business is built on reputation and reliability, whilst meeting and exceeding our client's expectations. With our employees having knowledge of regulations, great technical ability and experience of working in a wide range of industries, we can minimize your costs and fulfil your requirements. Our success has enabled us to expand into Gulf region now forming ASSM Company Limited.

We have developed our market image and there is a great confidence among our customers due to almost zero failure rate of the system. The company has specialization in Batch Processor Application, Food Processing, Beverages, Pharmaceuticals, Chemicals, Material Handling, Water Treatment & Distribution, Power Plants, Packaging etc. providing total solution with using equipment from well reputed brands of European, Japanese, Korean, and American origin. We support the industry in the field of automation through the supply of most of the instrumentation like power supplies, AC drives, controllers, transmitters, sensors, energy management instruments, signal conditioners and control panels. We provide Totally Integrated solutions for the industry using state of art SCADA, DCS, PLC, ESD and Fail Safe Systems, covering Level 1 to Level 3 of Automation.

We are able to offer a complete range of services for all types of industrial & commercial projects. Our full range of services is listed as:

1. Industrial Automation
2. Instrumentation
3. Drive Technology
4. Building Management Systems
5. Motor Services
6. Power Supply Systems
7. Annual Maintenance Contracts
8. Sales & Support for Electrical Products
9. Operations & Maintenance
10. Startup & Commission
11. Troubleshooting
12. Spares Management

There are no two installations completely the same, that's why all of our installations are bespoke to compliment the practical requirements needed to run your business.

We provide support and services to all the major industries, contractors and traders in the region.

At ASSM, our management team and operations personnel are among the finest in the industry.

45%

of work activities can be automated

\$2 trillion

savings in global workforce costs

ASSM take pride in the professional quality of our work and high level of service we provide to our clients, ensuring that their needs are clearly understood, defined and met throughout the project. We are committed to achieving and maintaining high standard of quality in all aspects of our business and to continually satisfy the expectations of our customers.
